Regional Centre
for Biotechnology

**Workshop organized by
BSC BioNEST Bio-Incubator (BBB), Regional
Centre for Biotechnology, Faridabad in
collaboration with Dharaksha Ecosolutions
Pvt. Ltd.**

**“Hands-on training program on
Assembly, Sterilization, and Operation
of 30L fermenters for mycelium-based
material production”, on 28-29 Jan, 2026**

WORKSHOP AIM:

This hands-on Fermenter Workshop is designed to provide practical insights into fermentation principles and bioreactor operation. The workshop will cover fermenter components, process parameters, and basic scale-up concepts through live demonstrations. Ideal for students, researchers, and startups looking to gain real-world bioprocessing experience.

WORKSHOP HIGHLIGHTS

- Basics of fermentation
- Fermenter components & working principles
- Media preparation & sterilization
- Process parameter control (pH, DO, agitation, aeration)
- Scale-up considerations
- Hands-on demonstration/session

ABOUT THE TECHNOLOGY

Date: 28-29 January 2026

Registration Fee: ₹1000 per applicant

Registration Closes: 18 January 2026

Venue: BSC BioNEST Bio-Incubator (BBB), Regional Centre for Biotechnology, Faridabad, Haryana – 121001

Step-1 Payment Link:

<https://eazypay.icicibank.com/homePage>

Step -2 Registration Form:
