

## Workshop organized by

**BSC BioNEST Bio-Incubator (BBB)**, Regional Centre for Biotechnology, Faridabad in collaboration with **Anziam Bio Pvt. Ltd.**

**“Workshop on Lyophilization and Freeze-Drying Technology for Research and Industrial Applications”, on 2 June, 2026**

### WORKSHOP AIM:

This workshop on lyophilization (freeze drying) Technique offers a comprehensive understanding of the scientific principles and operational techniques involved in the process. Participants will gain theoretical and practical knowledge in formulation design and cycle development.

### WORKSHOP HIGHLIGHTS

- Fundamentals of Freeze Drying & Equipment Orientation
- Understand IQ/OQ/PQ requirements, process monitoring, batch records.
- Analyze common failures identify root causes, and apply corrective actions.
- Case presentations, and Q&A with subject matter experts.
