

HANDS-ON TRAINING WORKSHOP ON Gene Editing in Plants: From CRISPR Design to Analysing Edited Lines

United Nations
Educational, Scientific and
Cultural Organization

क्षेत्रीय जैव प्रौद्योगिकी केन्द्र
Regional Centre
for Biotechnology

Focus on:

- Introduce principles and advances in plant genome editing technologies.
- Train participants in designing, assembling, and delivering CRISPR/Cas components.
- Provide practical exposure to plant tissue culture, transfection/delivery, and genotyping.
- Discuss regulatory and ethical aspects of genome editing in crops.
- Build national capacity for gene editing-based crop improvement.

January
6-10, 2026

Application Deadline

December 15, 2025

Intimation of selection

December 20, 2025

Confirmation and Registration deadline

Fee- Rs 10,000/- December 25, 2025

Only 20
Seats

Venue

Regional Centre for Biotechnology,

Faridabad, 121001

workshop@rcb.res.in

Co-ordinator

Dr. Ramu S Vemanna

Co-ordinating members

Dr. Divya Chandran, Dr. Saikat
Bhattacharjee, Dr. Prashant Pawar
