

VIRTUAL WORKSHOP ON MASS SPECTROMETRY BASED PROTEOMICS

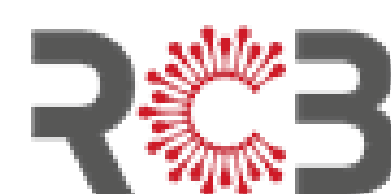

12th - 13th October, 2021

Venue: Online

Application Deadline:
15th September, 2021

United Nations
Educational, Scientific and
Cultural Organization

क्षेत्रीय जैव प्रौद्योगिकी केन्द्र
Regional Centre
for Biotechnology

Highlights

- ▶ Basics of Mass Spectrometry and proteomics
- ▶ Routine Workflows for MS - based proteomics
- ▶ Sample preparation for IDA and iTRAQ
- ▶ Data Analysis
- ▶ Targeted proteomics

Benefits

It will introduce, demonstrate and provide theoretical underpinnings of high-resolution mass spectrometry-based proteomics technologies and their application to clinical and biological research

Who can apply

Researchers/ Scientists/Students from academia and industry

Organizers

Mass Spectrometry Facility
Advanced Technology Platform Centre
Regional Centre for Biotechnology
