

# SUSTAINABLE DEVELOPMENT GOALS

In keeping with the 2030 agenda for Sustainable Development, the themes for MindSpar 2.0 have been taken from the Global Goals of Sustainable Development created by UN and adopted by 170 countries, with India being one of them. The Sustainable Development Goals (SDGs) are a collection of 17 global goals set by the United Nations General Assembly in 2015 for the year 2030. The Goals have been adopted to end poverty, protect the planet, and ensure prosperity for all as part of a new sustainable development agenda. In other words, the SDGs are a blueprint for ensuring a better future for all.

## **MindSpar 2.0 invites innovative ideas under the following SDGs**

Goal 3: Good Health and Well Being    Goal 7: Affordable and Clean Energy

Goal 6: Clean Water and Sanitation    Goal 13: Climate Action
